Handled With	Extremely quiet weaners, good to handle in yards, race and crush. Bikes , Dogs , On foot

Assessor Comments	These 13 steer weaners are the quietest I have assessed this season and were a pleasure to draft and weigh. Even when in the crush handled extremely well. They have had a relatively hard winter and just been recently drenched and should be ready to go ahead on improved pasture. Would certainly suit small farmer or add-ons to larger backgrounders. Medium frame steers with plenty of growth and height to build condition and weight on. Please note, one steer showing white markings under flank. Especially suit hobby farm or small inexperienced operator.
