Heifers are well handled and are good to work with in the yards and paddock. A small number of heifers stirred when caught in the head bale to be mouthed. When released into the mob they relaxed immediately.

Assessor Comments

19 NSM Black Baldy & Red Baldy Heifers that weighed from 440kg – 560kg to average 495kg at assessment. They present in a fresh forward store to forward condition and are predominately "Rennylea Angus" or "Yalgoo Poll Hereford" blood. Considering their age, frame, and carcass traits they would perform well in a feedlot or to finish on crop / pasture. Romani run a very strict fertility program and if a female doesn't bring a calf to marking, then they are culled so don't rule out giving these heifers another chance to be your future breeders. Romani are also offering 40 Angus x Angus Heifers in this sale. PLEASE NOTE: 1 x blue eye / 2 x scarring in one / 1 x scarring in both eyes.
