	Calves have been extremely well worked and broken with horses and dogs and low stress handling techniques. They were really good to handle.		
Handled With	Bikes , Dogs , Horses , On foot , Vehicles		
Assessor Comments	Genuine light weight steers that are hard to find. These calves are ready to bounce ahead with all the hard work in done here, the calves have been weaned a month, tailed out with bikes, dogs and horses. They work really well in both the yards and the paddock and have settled right down. Out of Bos Indicus flat back cows by a range of bulls including Droughtmaster, Charolais, Charbray and Brangus bulls. They are a good pen of XB steers that will suit a range of markets and take advantage of the abundance of grass about.
