Assessor Comments A line of 8 vendor bred weaned friesian bulls calves from the vendors herd of 170 large frame friesian cows. These calves are really on the do and the opportunity to purchase cattle ready for a booming spring is running out. Calves had show plenty of bone, length and heaps of scope to grow into thumping steers for any chosen market. The calves were weaned on the 16/11/21. Just turn them out and watch them grow.
