Assessor Comments	Offering 44 Angus heifers bred from Temanian blood cows. These heifers are out of medium to large frame cows and all AI bred. The straws that are sourced by the vendor are selected on maternal and structure traits. These heifers are all preg tested empty because they missed out on a fixed time AI program. These heifers are ready to take a bull for anyone looking to join, also they would suit a pasture fed or feedlot program. Grassfed and antibiotic free.
