Very quiet.

Handled With: Bikes

Assessor Comments: 6 - Nice Angus X calves that are well weaned, super quiet and are starting to improve by the day with sun on their backs. Calves with all the work behind them and ready to stack on the weight in the upcoming enormous spring. Good value

	proposition with the. Note one with some white on them and a small amount of ringworm on several calves, which is not detrimental and will disappear pretty swiftly.
