Assessor Comments	A good line of Te Mania blood Angus Steers weighing 353kg full (300-412kg) at assessment. Steers are bred in the tough Otways Climate . Ideal Steers to grow out to heavier weights or go onto feed now . Steers present in store to forward store condition & have the genetics to really respond on quality feed. (Steers showing more Frame Than weight) A % of steers are still rough in the coat but will pickup quickly on good feed . Would recommend a full Drench & Vaccination program at Induction . A 17 % Lighter end removed from the line .
