Cattle handled well in the yards typical for young weaned cattle, a couple got stirred up in the crush.

Handled With	Bikes , Horses , On foot , Vehicles
Assessor Comments	149 very well bred NOP Organic and HW Greenhams Never Ever certified young weaners that have been brought down from the vendors northern property and weaned onto very good quality feed. These young cattle are improving quickly now they have adjusted to the change in diet. They are in ideal condition to turn out and will gain weight quickly on good feed. These cattle have generally either been grown out to heavy kill cattle or put into well known feedlots. I noticed two with warts at assessment, and 3 hand spots on one eye. The Litchfields have another line of 126 weaners in this sale.
