	Cattle worked through the yards well. Please bear in mind these are Brahman heifers and all care should be taken but experienced stockman should have no problems.		
Handled With	Aerial (Helicopters, gyro's and planes) , Bikes		
Assessor Comments	A good line of mostly grey Brahman heifers in strong to forward store condition. Weighed 258kg's to 405kgs to avg 324.7kgs 14 hours off feed. These heifers are obviously suited to be put with the bull of your choice or to fatten in a feedlot or crop opportunity. 2 heifers are honey in colour, 1 heifer is tending black. These Heifers have been on agistment at Peppercorn the past 8 weeks. An obvious tail has been removed from this line.
