Assessor Comments	Restockers here's a great opportunity to buy young tropical coated maiden cows and their calves. These heifers have grown out well on reasonably light forest country over the winter, calved down & are now milking very well on the green pick available. This line has had full access to a Rosecorp Charolais Bull & also a Wavehill Santa Gertrudis bull. These young breeders will continue to grow out on heavier country. They are milking very well. On assessment there was no visual issues with their - Hips, Legs, eyes or udders. The calves are young but fresh and with the amount of milk these young cows are producing i'd expect these calves to leap away in coming weeks. This vendor also has another line of Charolais Charbray heifers & calves in this sale. For anyone looking for additional breeders or good young cows to wean a calf off and trade on further I highly recommend these Heifers and Calves.
