	The cows were easy to handle in the paddock and also while drafting in the yards with most only becoming unsettled while being handled in the crush.		
Handled With	Bikes , Dogs		
Assessor Comments	A good line of mostly large framed PTIC Cows. These cows were easy to handle in the paddock and also while drafting in the yards with most only becoming unsettled while being handled in the crush. No year brands were clearly visible but all cows mouths were sound. Ideally suited for a small breeding herd or any breeders looking to build herd numbers. **Please Note** 2hd had blight scarring. Vendor has multiple lots in the sale.
