With no pressure cattle happy for us to drive through and were comfortable. Mustering were ok and remained in mob, once pressure was put on they did get agitated. In yards needed experienced stock men, had to be careful but were mostly ok. Some got stirred up but bad aggressive cows have been removed from mob. Cows settled back in yards well. Calves were fine to handle.	Yards	Crush	Paddock	Quiet: 6 head Slightly Stirry: 12 head Stirry: 3 head	Quiet: 6 head Slightly Stirry: 12 head Stirry: 3 head	Quiet: 15 head Slightly Stirry: 6 head

Assessor Comments	Nice line of 21 Brahman cows with 2-4 mths old calves at foot. These cows are mature cows but still considered sound and doing a good job of their calves. They were purchased off A+ in May as PTIC cows from Walcha. These cows do have some style and are mostly of pretty good fame. Most calves are 100-180 kg and av 131kg by Angus and Brahman bulls. Male calves have not been marked yet. Cows have been running back with Angus bull.
