	Slightly Stirry: 24 head		Slightly Stirry: 24 head	Paddock
	Stirry: 5 head		Stirry: 5 head	
	Heifers behaved well in bigger holding yards and were content while being photographed, but can become agitated and stirry if pressure is applied or are handled incorrectly in smaller working yards			
Handled With	Bikes , Dogs			
Assessor Comments	39 quality Santa heifers PTIC to low birth weight 'Talooby' Angus bulls. These pure 'Waco' blood Santa heifers were purchased Ex Mungallala, from the BASS CATTLE CO. They are predominantly large frame heifers showing good growth and maturity for their age. They are soft and true to type with plenty of body and depth. Heifers were joined for an 8 week joining to specialist 'Talooby' heifer bulls to calve in the autumn. They have been powering ahead on native pasture highlighting this through their fertility and shiny coat. Heifers were good to handle throughout bigger holding yards but have the ability to become stirry if excess pressure is applied or are handled incorrectly. Vendor has educated these heifers with bikes and dogs since arriving and said they are good to handle in the paddock. This opportunity to secure quality genetics is on offer through these heifers who have been backed with top sires for calving ease. Buy with confidence.			
Assessor	Jake Grace (Level 1 Accredited) Phone: 0487 422 383
