Assessor Comments	Buyers, Offering a run of 2.5 - 4 year old Autumn calving cows. That have been mouthed up 2 - 6 Tooth with Health treatments all up to date. These Cows are derived from "The Laurels" registered Angus stud at Braidwood NSW owned by the late Dr Peter Healy. Vendor has come to the decision to have a complete dispersal of these cows due to change in operations through retaining only Spring calvers. These cows have never skipped a beat and have only had big weaners pulled off at the start of October. They are starting to clean up in the coat and will only power ahead with favourable season conditions. Buy with confidence, an excellent addition to any cow herd or a neat little start up mob. Two cow have old blue eye scarring but not deemed detrimental. 5 Cows have bang tails on due to prior mob identification. Please note another 14 of the Older cows being offered in the same sale.
