Assessor Comments	23 x23 Angus cows 8-9 years old with Wagyu calves at foot. By registered bulls. Cows average 670kgs at assessment. With good deep long bodies, and big bags of milk. Cows were all mouthed at assessment, and present with solid mouths, small percentage of cows did show small signs of wear. All cows are doing a ripper job on calves. Cows are departed to the registered Wagyu bulls. Last years calves sold for \$2300 per head as mixed sex. These calves are marked and vaccinated. They present a good trade job and will be a realistic reserve.
