	Heifers had a tendency to mill up in the yards, concrete and steel yards contributed to the noise. After weighing heifers settled quickly in the bigger yard for photos. Drafted off their sisters with ease and we're good to work with

Assessor Comments	Opportunity to purchase small to medium framed Angus heifers joined to the O'Hara Angus bull N714 for a March/April calving. Wealth wealth of breeding behind these heifers carrying Sparta, pinebank, Take Over and Waignoup bloodlines. Very traditional framed heifers that are in forward condition, heifers were drenched and vaccinated and also received a multimin on 17/10/21. Noted that one heifer had a single wart above the eye that is in no way detrimental
