Assessor Comments	10 x 10 Heifers and Calves. (Charolais/ Hereford x) Vendor use to run Dimontee Charolais stud, dispersed the stud in 2016. Run a few of the favourite cows on and the last few years have crossed them back over the Poll Hereford bull. These heifers are by a Centennial Poll Hereford bull. With the spring born sappy calves at foot sired by a Rosskin Angus bull. There is two lots of these Char/Hford x heifers the vendor is offering and would make a really nice line putting both lot's together. The heifers were a pleasure to work with and are in very good condition coming through the back end of spring. Heifers are ready for re joining at any stage now. The hard works done, take them home and join them to a bull of your choice. With a bit of a rarity these days of the Char /Hford x you don't get many opportunities like this with well grown out young breeders. Please note = Vendor has 3 other lots in this sale. Only being offered as the vendors have switched over to black cattle.
