	Beautiful, soft natured bucket reared females. Called up out of a 300 acre paddock and all came running. Extensively					

handled through the crush throughout A.ling, Preg testing and other various animal health treatments. Just 1 Heifer was slightly nervous in the crush, rocking back and forth, she exited the crush at a walk just like the rest and wandered back to the mob. Lovely cattle that could be handled by a stockman of any age or experience.

Assessor Comments

Offered on behalf of Acc JS Craddock are 79 Angus x Friesian Heifers. Scanned and drafted in to smaller gestation groups to allow all buyers an opportunity to secure a lot and also assist all successful purchaser's in producing an even drop of vealers to market. These females were selected and purchased as young weaners, they have never seen a tough day and every effort has been made to grow them out to their full potential to be absolute vealer factories for years to come. Outstanding females that tick every box. Big, long and roomy with their own easy doing style about them, as well as being soft skinned and already showing signs of bagging up, suggesting these will be lovely milky mothers. Ideal opportunity for anyone wanting to purchase a small number of vealer mothers, or put a good run together with the added bonus of a tight calving. Note. Vendor has 7 lots in sale. Please see photos & video for full contentment.
