Assessor Comments	Offered on behalf of Acc JS Craddock are 79 Angus x Friesian Heifers. Scanned and drafted in to smaller gestation groups to allow all buyers an opportunity to secure a lot and also assist all successful purchaser's in producing an even drop of vealers to market. These females were selected and purchased as young weaners, they have never seen a tough day and every effort has been made to grow them out to their full potential to be absolute vealer factories for years to come. Outstanding females that tick every box. Big, long and roomy with their own easy doing style about them, as well as being soft skinned and already showing signs of bagging up, suggesting these will be lovely milky mothers. Ideal opportunity for anyone wanting to purchase a small number of vealer mothers, or put a good run together with the added bonus of a tight calving. Note. Vendor has 7 lots in sale. Note. 1 White face in mob Please see photos & video for full contentment.
