Assessor Comments	A good line of young PTIC heifers that are NOP organic and Greenhams Never Ever certified ready to go home and calve down. Heifers are in fresh store to forward store condition and improving since they have been brought down from the vendors Northern property they are in ideal condition to calve down. There is one heifer with a calf at foot and cattle will be inspected before delivery to make sure they are fit to load. 2 heifers have got a slight spot on their eye.
