Assessor Comments	Top-quality line of Yalgoo blood Merino Wether Lambs. Lambs have Electronic, Individually numbered NLIS tags. Wethers are ready to explode with some warm sunny weather. Ideal for quality wool cutters or potential opportunity to finish for the lamb market. Leading Yalgoo sires have been used in the flock over many years including an AI program. Of those assessed, 49% were Polled. A 12% tail was removed from this lot. Lambs were individually micron tested, all below 15.5 microns with the data available if requested. These Wethers represent a great opportunity to obtain top quality Yalgoo genetics. Highly recommended.
