Assessor Comments	On offer is an absolute stand out line of 930 neatly shorn well bred Poll Dorset cross lambs that are out of high performing large frame Western bred Merino ewes by some of the best performing highest cost Valley Vista blood rams available over the past 10 years, they are being offered in two lines for buyers convenience. These lambs would make an ideal trade and would be suitable for a quick trade kill or to grow out to export weight, *Please note vendor has strived to take any grass seeds out of lambs eyes but there may still be a minimal amount of lambs presenting slightly weepy that did not seem detrimental to future growth upon assessment.* Potential purchasers can bid with confidence knowing that a 15% tail has been removed from these lambs and that all weights recorded were after a massive curfew pre shearing. All lambs are going forward on fresh feed and the way they are presenting is an absolute credit to the breeder and the shearer's, buyers can bid with utmost confidence.
