Vendor Comments	Annual sale of sucker lambs.		
Assessor Comments	First cross wether lambs. Bred out of medium framed 18/19 micron merino ewes. Sired by large framed border leister rams bred at Ournie - Upper Murray. These lambs have not had a setback and will continue to grow out properly given quality feed. All lambs weighed 20kg plus with a small tail retained. Dirty lambs have been bung holed. Ideal trade opportunity to shear and fatten for the trade or export markets. Please note 1% had a weepy eye at assessment and when inspected no grass seeds were found. They appear to be clearing up.
