| Assessor Comments      | A neat line of wethers that have had a good weaning since 20/08th with all the correct husbandry. 6 in 1 on same day. Out of Kilfeera park/Wood park base by Kilfeera park rams. Opportunity to take on young well weaned lambs from an attractive clip. In the past the vendor has feedlot these lambs and have preformed in that situation. Last year wool result was 17 mic and 63% yld. Note- Please read above reagaarding water stain, only the odd one appeared to have had slight dermo off the skin, not detrimental |            |             |
