Assessor Comments	A line of 1st X Ewe Lambs being the complete drop with a tail removed. Nice types with clean, open faces and bare points. Lambs are in fresh condition, of good frame and will grow into very handy Prime lamb Mothers. Note, we did find a couple of Ram Lambs in the mob which were removed. Given the age of the lambs it is unlikely they would have been working however they were there and must be declared. Wether portion are also in the sale.
