| Assessor Comments      | Smart line of Composite wether lambs. These wether lambs are the tops of the drop off this property and are an incredibly even line of sheep. Lambs present in forward and fresh condition. Given the right conditions i have no doubt that these lambs would grow out into neat trade to export weighted lambs. ** Please note vendor has other lines of wether lambs in same sale.**       |            |           |
