Assessor Comments	Each way job with these lambs could be run over stubbles and finished as a crossbred lamb or carried through as future breeders. Lambs show good growth for age they've had everything thrown at them, vaccinations up to date, Gudair vac, backlined and drenched. Purchaser could safely turn these lambs out and forget about them. Lambs are all tagged with an electronic tag. Please note there is approx 10% of the lambs are 2nd cross (Paradoo Prime ram over Paradoo/Poll Merino ewes) Lambs have had a light tail strip.
