Assessor Comments	An outstanding line of large to medium frame, NSM ewes with a 3 month skin. These 3 - 6 year old ewes are based on Macquarie Dohne, and Gullen Gamble blood lines, with Gullen Gamble sires being used for the younger age groups. All of these highly productive ewes weaned lambs in the Autumn, and were going to be retained as breeders for this year, however, due to a very successful spring lambing, the decision has been made to offer them for sale. Buyers please note, there is 1 ewe with old fly strike scaring over the sholders, please see photo.
