| Assessor Comments            | A very impressive line of ewes being offered by the Naylor family. A change in farming direction has led to this final phase of their Hazeldean flock dispersal. Breeding Hazeldean sheep since the mid 1960's these ewes present in forward condition, ewes have had lambs weaned off them for a fortnight at assessment. Being April shorn these ewes are offering a big rebate in the stylish wool they carry, these ewes would present a great opportunity for most flocks. to be offered as 2 runs out the gate of 195. There is also 350 2.5 YO ewes in same sale. Approx 1 % horn/scurred |            |            |
