Assessor Comments	173 X M/J 2021 DROP DORPER EWE LAMBS, AMARULA & THE CROFT BLOOD, AVERAGE 42.1KG AT ASSESSMENT WITH 100% OF CONSIGNMENT WEIGHED, 34-56KG. This line of Dorpers represents a great opportunity to secure a small line of young Dorper ewe lambs with their whole lives in front of them. They are showing good shedding traits and have been been growing well despite the long wet season. These ewes are the tops of the excess ewes with a large tail removed that the vendor will continue to grow out to sell at a later date giving all potential buyers the ability to buy this line with confidence. Please note the these ewes were foot bathed after showing signs of scald but have cleaned up nicely and also note that 2 of these ewes have tails.
