Assessor Comments	Ideal starter pack for anyone looking at entering into breeding shedding breeds or as a very handy top up line. These young ewes are 1st cross Australian White over White Dorper, they have had large unweaned lambs at foot that will be weaned upon delivery date. The ewes have been running with a Baringa blood Australian White ram having the chance of a F2 Australian white lamb inside. These are all proven breeders and all full shedders in the past. Vendor has been breeding for shedding ability, fertility and muscle.
