Assessor Comments	Good quality line, Vendor bred, milk tooth, 12 - 13 month old, Hereford steers, presenting in healthy, fresh, forward condition, to av 451 kg empty. Cold country bred steers that have wintered well and are only just starting to lose their winter coats, displaying plenty of shape & bone and are poised to power ahead to meet many market requirements. Grassfed & antibiotic free. Steers that were a bit excitable during the assessment process, yet appeared to settle well without any pressure applied. Please note, Vendor has lighter steers also in this sale, representing the entire 2020 drop.
