Cattle handed well, they tended to move away and huddle in the corner while drafting.

Assessor Comments

A very nice line of vendor bred Friesian steers, showing plenty of frame for their age. Perfect steers to tip out and watch grow. Please note, some of the steers were marked on the 15/9 and are showing some masculine traits but I believe they will grow out of it. There was 1 steer noticed with slight pink eye scarring, not considered detrimental and 3 of the steers were noticed with warts around the neck. The vendor also has a line of lighter line of steers in the same sale and another vendor has 34 6-7mth friesian steers 25km to help trucking
