Assessor Comments	A vendor bred line of 8 stud registered Charolais heifers being from Chenu Charolais stud. The heifers were born at the end of the vendor's spring calving and are only being offered for this reason. The heifers are 10-12 months of age and would make excellent heifers to purchase and keep as future breeders for years to come. The heifers display plenty of growth and depth of rib while also retaining that softness that we all look for in our cattle. The heifers are currently registered with the Charolais stud registrar and can be transferred at the purchasers expense.
