Stood well in the crush to be weighed and fat scored, let out in to an adjoining holding paddock where they settled and were sensible to follow down and take photos. Still a little bit of trot in them when pressure was applied, but should improved quickly with age & education. Assessor Comments	A class line of young Heifers, Only offered for sale due to being surplus to requirements. Out of a large framed self replacing herd of females, these are Lovely soft bodies with pretty faces. These Heifers carry years of select Te Mania & Ardrossan Genetics with the cow herd being heavily classed & no expense being spared selecting sires. A high quality line of Angus Heifers that would suit any market. Good long bodies, with plenty of depth & spring through their ribs. These Heifers are just starting to lose their Winter coats & bloom up. A one mark line of Heifers that would suit to join and bring some quality outside genetics in to your breeding program. Alternatively, if looking for a trade/backgrounding article, these Heifers have the frame and style to stack on the weight, with their brothers being keenly sought after by high end feedlots & the added bonus of Greenhams Never Ever accreditation. Please see photos & video for full contentment.
