Handled With	Lovely young bucket reared calves, a pleasure to handle throughout assessment. Easy to walk up the race & into the crush. Steers were tagged at weighing and didn't even seem to get offended, still quietly exiting the crush at a walk. Bikes , On foot , Vehicles
Assessor Comments	Fresh young vendor bred calves. Reared on the bucket for 16 weeks and given the best possible start in life. Glowing in the coat with every step they're taking being a forward one. Left the yards with a cheeky spring in their step, bucking, skipping and messing about. Ideal steers to take on and continue on to a bullock in a promising season, knowing they're never seen a set back. Please see photos & video for full contentment.
