	Typical of bucket reared calves these steers were quiet to work through the yards and race.

Assessor Comments	A nice line of quiet Friesian steers to tuck away for the spring. These steers are quite forward in condition for coming out of a cold wet winter and will power ahead on good spring feed. They were purchased from Avargo Pty Ltd from Lyons and bucket reared in May 2020 and are extremely quiet cattle for anyone to handle. As stated there is no B Double Access but arrangements can be made if needed.
