Vendor Comments	1st cross ewe lambs with plenty of potential to grow out in to large framed ewes with no trouble at all. Given the frame and performance on both sides of the genetics these ewes should make top breeders of the future.

Joining Details	Not Station Mated
Any Access To Rams or Stags?	To vendor's best knowledge, this lot has had no access to rams or stags.
Assessor Comments	A well bred small line of first cross ewe lambs showing plenty of room to move going forward. These ewe lambs are weaned ready to jump ahead on good feed after a shear. The Chapman sheep are renowned for their big frame scores and big weights in SA when their merino lambs are grown out so their crossbreds will only be better again! These lambs were early weaned at a young age and have plenty of frame to fill.
