| Assessor Comments      | Presented is a line of 420 one mark, Riverina bred, Merino wether hoggets and lambs. These June/July drop 2020 wethers have reacted well to the favourable spring conditions, averaging 45.6Kg at assessment. Wethers are mulesed and averaged 17 micron and cut 3.5Kg at shearing in September. They received Q Drench in August as well as Avenge plus fly off shears in September. Buyers please note a tail was removed from the mob. These wethers are of medium frame with an opportunity to continue to fatten into ideal killable weights, as well as their potential wool clip. A great trade opportunity for the productive seasonal conditions we are currently experiencing. |            |              |
