Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.
Assessor Comments	600 vendor bred mxd sex suckers ,these suckers are the progeny of Felix poll dorset rams over a large frame Rocklyn bld merino ewe .They are the top draft from 950 lambs, in the past these lambs have been feed lotted and sold to domestic or export markets only selling due to cropping program. These suckers are just starting to pick up a little grass seed as the season is starting to go off .The suckers are healthy and on there way up and it would'nt be long and they would be fit for the market of your choice.
