Assessor Comments	A great opportunity to secure 3 B-double lots of shorn new season lambs, one mark and account the breeder. Vendor sources quality sires from the Valley Vista Poll Dorset Ram sale each year and consistently buys in the top 20% of the sale. Lambs are out of large framed Western bred merino ewes. These lambs present with a tail removed. This is a rare opportunity at this time of the year with all the work being done for the buyer. Up to date health treatments and a few weeks off the board these lambs are up and going, and will continue to do, given the chance on good quality feed. Vendor traditionally grows lambs out to trade weights, but this year are right up in their breeding numbers so are deciding to market this outstanding run of store lambs and further to this these lambs can make export weights in the correct environment if buyers wished to achieved so which has been done in the past. For any enquires Please contact myself or Bede McCann (0458003001).
