Assessor Comments	A great opportunity to purchase a nice line of pure Tattykeel blood Australian White ewes scanned 100% in lamb to Tattykeel, Ardess & Cottage Creek blood rams. Rams were put in on the 5th of July and taken out on the 18th of August. Ewes were vaccinated in June 2021 with ewe guard. Top quality ewes that will produce top quality lambs. Although not scanned for multiples the scanner did estimate that 35 to 40% were showing multiples.
