Assessor Comments	A small line of 1st cross Australian White/Wiltipoll ewe lambs & hoggets, Sept/Oct 2020 drop. These young ewes have lambs at foot sired by Wiltipoll rams, aged from 1 to 3 weeks and unmarked. Ewes are just starting to shed their winter coat. Vendor has 4 small lines of these ewes & lambs on offer in this sale, presenting a great opportunity for small farmers to purchase a line of young ewes already in production. Sheep did have soft feet due to the very wet winter experienced, other sheep on the property have been observed with scald but no issues with this mob at assessment. Also could possibly be a small number of ewes still to lamb.
