Assessor Comments	Impressive line of CLASSED IN Grasmere blood merino ewes that show plenty of stretch and barrel. The Grasmere flock has historically been heavily classed to only retain the best ewes, and these ewes are testament to that. These May/June 16 drop ewes have weaned 118% of merino lambs at assessment and look fantastic. Any bad udders will be removed prior to delivery, and any ewe that has not reared a lamb twice in its lifetime has been sold already. They present in forward condition and are ready to be joined to the ram of your choice. Can highly recommend. EL & DE McKenzie established Grasmere Merino stud 5 years ago.
