Assessor Comments	Offering 140, CLASSED IN, 6.5yo Pastora Blood, Merino ewes presenting in strong store condition averaging 62kg at assessment. Kelenlea has been using Pastora rams for the past 40 years and is one of their longest standing clients. Kelenlea focuses on breeding ewes with low micron (17-18 micron) with heavy wool cut with their flock average constantly between 7-7.5kg annually. Kelenlea scan their ewes every year with dry ewes being taken out, showing the fertility of these ewes with them being scanned in lamb every year. All ewes were mouthed at assessment with any missing teeth taken out. With these ewes being classed in, they will easily suit either maternal or terminal lamb producers. Note. some ewes are still carrying an udder as lambs have only been weaned 3 weeks ago. If you have any further questions please dont hesitate to contact
