Assessor Comments	An excellent line of young ewes which are extremely well bred. Sired by the Kegra Super Borders over high muscled and plain bodied Triggervale Poll Merino ewes. They are showing exceptional growth for age and present in very forward condition with an average weight of 54kg at assessment. All ewes were assessed with all light ewes taken out of the sale mob. They are already showing good frame and stretch and with the right management will absolutely grow into big bodied mothers ideal for your xb lamb enterprise. I can highly recommend these sheep.
