Assessor Comments	An excellent quality line of 5.5 yo merino ewes, large frame, in fat condition. They are big robust heavy boned sheep that cut plenty of wool. These ewes weaned 113% of lambs this year. A great opportunity to secure quality classed breeders with plenty of life left in them, ideal for breeding a 1st X lamb or to join back to merinos. The flock is classed annually by Stuart Murdoch. There is a small % of ewes with long toes, relative to age and weight. 2 ewes showing horn.10 ewes were mouthed at assessment and all had good sound mouths.
