Assessor Comments	A quality line of classed in breeding Ewes from Pepper Well Poll Merino Stud that present in store to forward/store condition. With early growth a high priority these Ewes averaged 110% Lambing and recently weaned lambs at 43kg ave at 100 days old. Vendor selects heavily on plain bodied ewes with good bare and plain breach's. Soft skins and free growing well nourished wool that would handle high rainfall country these are ideal maternal ewes to take on and join to the ram of your choice and for breeders looking to move to non-mulesing. Buyers note there are 4 ewes that will be shorn prior to delivery due to being missed at shearing.
