Assessor Comments	Opportunity knocks!! These ewes are straight out of the heart of the Mernowie Poll Merino stud as surplus young ewes and offer the purchaser the opportunity to secure some very sound, quality poll Merino genetics as well as being MN3 accredited. These ewes are paddock run at Marrabel , and are bred for medium micron white crimp fleece and good wool cutting ability. The wool test this year showing 17.3mic, 63.3% yield and a 3.5kg wool cut at 7 months. The flock is bred using quality rams from the Mernowie stud and these genetics are flowing through into the younger ewes on offer here. These ewes will mature into deep bodied breeding ewes that already have very good structure and bone, equally suitable for terminal lamb production as well as self replacing Merino operation. Out of the entire line of ewe hoggets the stud only retained 37% due to good lambing percentages. 115% lambing across all age groups including maidens was achieved. Ewes can be bought with great confidence.			
Assessor	Tyson Fechner (Level 3 Accredited) Phone: 0439 531 501
