| Assessor Comments            | A unique opportunity, for the first time in over 20 years the Greenfield Stud are putting their young ewes up for open auction. The Greenfields Stud was founded 1949 are are renowned for breeding large frame, well structured, heavy wool cutting sheep. These young ewes have all the genetics in them you could possibly need for any Merino breeding operation, and would certainly offer a large frame and good mothering ability to a terminal sire operation as well. These ewes are MN3 status and are in superb condition. These are certainly front paddock ewes! |            |          |           |     |             |     |             |    |
